The screenshot displays the ISI/PAIS World Wide Web interface. At the top, there are buttons for 'Search', 'List', 'Browse', 'Queue', and 'Clear'. Below these, there are buttons for 'DBs' and 'USPAT'. The 'Default operator' is set to 'OR'. On the right side, there are two checkboxes: 'Plurals' (checked) and 'Highlight all hit terms initially' (checked). The search query entered in the text box is '4 and (e adj1 mail or electronic adj1 mail)'. At the bottom of the interface, there are buttons for 'DBS term', 'SAR term', 'Image', 'Text', and 'HTML'.
